

TiHAN – IIT Hyderabad Project Progress Report

Name of the Scholar: Soham Nareshkumar Bhatt

RollNo.:SM21MTECH14004

Department:Smart Mobility

Degree:M.tech

Title of Research Topic:Tihan Website and automation

Reporting Period: February 2022

1. Summary of Research Work Done in the current reporting period (Include objectives, methodology and notable results/outcomes)
 - In this period I started working on the admin panel of the website.
 - Through this admin panel, super admin can add/delete/update/view the list of students, staff, researchers, consultants, interns and post doc.
 - For this I create related tables to perform CRUD operations on data tables.
 - Implement the login/logout module for super admin.
 - Present the current work to HR and CEO of tihan to take feedback and start working on it.
2. Proposed Research Plan for the next reporting period
 - Will add filters.
 - Will complete assets managment system.
 - Will complete leave managment system.
 - Will develop user specific admin dashboard module.
3. Visible Research Output (Journal/Conference Publications or Patents that are presented/accepted/submitted in this reporting period)
 - None
